About the Seligman Chamber of Commerce:

Because Seligman is a small, unincorporated town it is very important that the local businesses and civic-minded individuals of the area take an active role in the development of the town. As time goes by there will be changes that come to Seligman and as a community, we need to make sure that those are beneficial to the businesses and residents of the area. By becoming Chamber of Commerce members, you can help to give a voice to Seligman. The Seligman Chamber of Commerce invites you to become a partner with other businesses and associates who represent the Seligman economy. We promote our members and invite their involvement in our events and committees. Our activities are focused on creating a better community for the residents and businesses of Seligman. Since Seligman is not incorporated as a town or city it becomes increasingly important that the Chamber of Commerce represents Seligman's interest in the growth and economic development issues that face the area. Your participation and input as a business or associate member will give you firsthand knowledge and a role in these activities. We want Seligman and its residents to succeed and prosper. Local businesses are an important part of this community, and we would like every business to become a Chamber of Commerce member. Individuals can become associate members and can benefit by becoming active participants in the development of Seligman.
